**CITY OF KIRKWOOD
HUMAN RIGHTS COMMISSION**

The Kirkwood Human Rights Commission is one of the most important volunteer opportunities anyone can offer the citizens of the city. Membership provides an opportunity to support and educate the community about the importance and value of diversity among us. Diversity manifests itself in all forms whether it is age, gender, sexual orientation, disability, racial or ethnic identity, religion, and other categories. It is the City's commitment that diversity should be embraced and not avoided.

The nine citizens who serve on this commission seek ways to create educational opportunities and provide an outlet for residents who are facing real or perceived injustices. The city has a long heritage of finding ways to encourage such concerns. The predecessor commission the Kirkwood Human Rights and Awareness Commission was created over 50 years ago. The city enacted a fair housing code as far back as 1963 to help insure fairness in seeking housing opportunities. The fact that such commissions exist today is a tribute to Kirkwood's commitment to human rights.

The following are examples of traits that assist a resident in serving comfortably and effectively as a commission member. The following are not requirements for appointment, but only issues offered for self-reflection. The City wants a committee member to be effective and know that their service is important to the city government and the community at large.

Examples of such traits:

- respect for all people
- a vision for a highly respectful and inclusive community
- a passion for justice
- a willingness to advocate change
- willingness to help those that perceive they are the victim of bias or discrimination
- an ability to listen attentively
- openness to creative solutions
- a confidence amid criticism
- a comfort with collaboration
- an appreciation for maintaining confidentialities

Background To Issue:

The stage lighting instruments for the new Performing Arts Center are to be purchased separately from the construction contract. Bids were solicited and the lone bid returned was from Intelligent Lighting Creations. The bid covers the purchase of the necessary stage lighting implements and other equipment such as connecting cables, shutters and safety cables. Delivery and initial set up of the lighting equipment is also included. These items were included in the grant request to the Municipal Park Grant Commission.

Recommendations and Action Requested:

This is a request to enter into a contract with Intelligent Lighting Creations for a not to exceed amount of \$248,550.00 for stage lighting fixtures and equipment, to be charged to Account #302-2001-600-7505 (Machinery & Equipment) Project PR1907 (Theater Fixtures/Equipment).

Alternatives Available:

Costs could be reduced by \$10,000 by eliminating provision to provide initial setup process of lights, instead relying on user groups and staff to accomplish these tasks. Another \$19,600 could be cut by eliminating 25 LED par lights that have potential to be used both in the main theater and the eventual studio theater. These lights are not essential to the operation of the main theater but their versatility would allow them to be used in a variety of ways in the facility.

Re: Performing Arts Center Lighting Instruments

A key acquisition required for the equipping of the Performing Arts Center's main theater is the stage lighting instruments and necessary accoutrements. Because all of these items are moveable and do not necessarily need installation as fixed lighting does, the determination was made early on that these items would be purchased outside of the construction contract.

Bids for the lighting instruments and associated ancillary items were solicited based on specifications developed by the theater consultants, Schuler Shook. The bid package represents what is considered for the most part the minimum requirements for the PAC. Bids were sent to seven theater lighting supply houses approved as potential bidders by Schuler Shook. In what Schuler Shook said is a market saturated with bids, only one company returned a bid. That bid was submitted by Intelligent Lighting Creations, out of Arlington Heights, IL.

In order to ensure on time delivery and avoid future cost increases the request is being made to enter into a contract with ILC for these materials at this time, at a not to exceed cost of \$248,550.00. The contract includes the materials, shipping, and uncrating and initial set up of the light instruments at the PAC facility. The bid amount compares favorably with the budget estimate prepared by Schuler Shook of \$281,933. That budget amount is included in the overall projections for the project cost. It should also be noted that these items were included in the grant request for the Municipal Park Grant Commission of St. Louis County grant program.

Funding is available in Account 302-2001-600-7505, Project PR1907.

For Your Consideration: KPAC Theatrical Luminaires & Accessories, Bid # 12969.

Sealed bids were publicly opened on April 11, 2019.

The bid tabulation is as follows:

Vendor	Total Cost
Intelligent Lighting Creations	\$ 248,550.00

Invitation for Bid was also sent to Associated Theatrical Contractors, Bandit Lites, Cine Lighting Services, Grand Stage, StageLight, and Texas Scenic Company, unfortunately they did not submit a response.

The bid was provided to Murray Pounds, Director of Parks & Recreation, for evaluation.

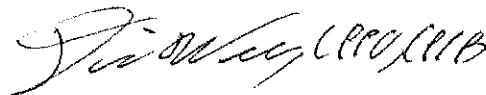

In order to ensure on time delivery and avoid future cost increases, it is recommended that the bid be awarded to Intelligent Lighting Creations, as their bid of \$248,550 is the lowest responsive and responsible bid.

The request is being made to provide a purchase order to Intelligent Lighting Creations for these materials. The order includes the materials, shipping, and uncrating and initial set up of the light instruments at the Kirkwood Performing Arts Center. The bid amount compares favorably with the budget estimate prepared by Schuler Shook of \$281,933 which is included in the overall projections for the project cost.

Background To Issue:

The current contract for the design of the Performing Arts Center does not include any provision for the development of the interior sign package or exterior building sign. A process to select a designer to develop the sign package, as well as a graphic design for the building was initiated. Following a selection it is being recommended that O'Toole Design Associates be hired for this task.

Recommendations and Action Requested:

This is a request to enter into a contract with O'Toole Design Associates to provide sign design and graphic development services for the Performing Arts Center at a not to exceed price of \$21,800.00, to be charged to Account 302-2001-600-7503 (Building & Site Improvements), Project PR1911 (PAC Construction).

Alternatives Available:

The design work could be assigned to Jacobs, however it is anticipated that the cost for these services would not be significantly lower, and could be higher. It is also possible that signs for the non-public areas of the building be done utilizing mass produced signs commonly available, but with any guarantee that the cost would be significantly less.

Re: Performing Arts Center Sign Design

One design element left out of the scope of work for Jacobs on the Performing Arts Center was the development of an interior sign package and graphic theme for the PAC. At the time it was left out this was seen as something of a cost deferment element, but also an opportunity to introduce new design ideas to the development of the PAC. Recognizing we are nearing a point where developing the sign package and a graphic theme is important, an RFP process was initiated to find a design team that could effectively handling the dual task of creating a sign system for the PAC as well as a graphic theme.

A total of five companies responded to the RFP. They included Kiku Obata, Jacobs, Bliss Collaborative, O'Toole Design Associates, and D/G Studios. Two of the companies, Jacobs and O'Toole Design Associates were selected for interviews. At the end of the interview process, O'Toole was selected as the top choice for the project. O'Toole is well known to the City, and Parks and Recreation staff in particular. O'Toole was the designer utilized to create the design for the Parks and Recreation Department office when it was redone back in 2003. While they have since relocated, at the time O'Toole had their offices in Kirkwood, so they are familiar with the Kirkwood "vibe."

Negotiations commenced with O'Toole to provide the design services for the project. O'Toole's proposed, not to exceed fee, for the following scope of services is \$21,800, including an allowance of \$750 for reimburseable expenses. This amount falls well within the amount allocated in the current project budget for signage and associated design services of \$80,000.00. The scope of work is as follows:

- Program/Image development and location plan
- Graphic design development
- Signage specification document

- Contract bidding period services
- Project management and construction administration

This recommendation is to enter into a contract with O'Toole Design Associates for the services listed above at a not to exceed cost of \$21,800.00. Costs should be charged to Account 302-2001-600-7303 (Buildings and Grounds) and Project PR1911 (PAC Construction).

WHEREAS, the Council does further find that the general welfare requires that such permit be subject to the conditions hereinafter set out.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF KIRKWOOD, MISSOURI, AS FOLLOWS:

SECTION 1. A Special Use Permit is hereby granted for a restaurant on the property known as 343 South Kirkwood Road, Suite 103 subject to the following conditions:

MEMORANDUM

TO: PLANNING & ZONING COMMISSION
FROM: JONATHAN D. RAICHE, CITY PLANNER *JDR*
SUBJECT: PZ-23-19; 343 S. KIRKWOOD ROAD, SUITE 103 –
RUSH BOWLS (SUP – RESTAURANT)
DATE: MARCH 19, 2019
CC: BILL BENSING, PUBLIC SERVICES DIRECTOR

WHERE COMMUNITY AND SPIRIT MEET®

PROJECT DESCRIPTION:

The new restaurant, Rush Bowls, is proposed for suite 103 in the Pioneer Place Development at 343 S. Kirkwood Road. This space is approximately 1,000 gross square feet with seating for approximately 12 patrons. The majority of their business is anticipated to be for carry-out orders. The applicant expects a maximum of 4 employees on a shift during peak hours and hours of operation are proposed as Monday – Friday, 7am – 8pm; Saturday 8am – 9pm; and Sunday 8am – 7pm. The applicant may choose to provide accessory outdoor seating subject to certain conditions included in the Zoning Code. If provided, this seating would be for no more than 12 customers and would need to provide adequate clearance for the adjacent pedestrian walkway.

In 1998, suite 103 was approved for a restaurant as part of the Blue Water Grill which occupied suites 101-103. In March of 2018, suite 103 was once again approved to host the expansion of the adjacent restaurant at that time (Sushi Bistro). Since the March 2018 approval, Sushi Bistro has been replaced by My Greek Kitchen, but neither restaurant ever expanded into suite 103. This proposal would result in two separate restaurants operating in the same three tenant spaces that have been previously approved for restaurants by the City.

DISCUSSION:

Zoning Matters signs were posted on the property on March 15, 2019. Section A-1000: Parking Regulations of the Zoning Code states that the change of use of any premises within the downtown area shall be exempt from additional parking and loading requirements. In addition to this exemption, Staff would like to draw attention to a couple pieces of information related to parking. In 2018, there was a 16 space parking lot that was constructed by the property owners and said parking lot is used by the larger Pioneer Place Development. These 16 parking spaces are additional to what was provided in 1998 when the property was approved for a restaurant, Blue Water Grill, to occupy all three tenant spaces. The newly adopted Downtown parking rates would require 10 spaces per 1,000 square feet of gross floor area. This would result in a requirement of 10 parking spaces which are off-set by the 16 spaces recently installed for the entire development.

RECOMMENDATION:

Staff recommends this petition be **approved** with the following conditions:

1. A Special Use Permit shall be granted to allow for the operation of a restaurant on the property known as 343 South Kirkwood Road, Suite 103.
2. The project shall be constructed and maintained in accordance with the floor plan stamped "Received March 8, 2019, City of Kirkwood Public Services Department".

Hi, my wife Kim and I are trying to bring a healthy eating option to the city of Kirkwood. Rush Bowls is a franchise that serves fresh fruit blended meal-in-a-bowl options to healthy minded consumers. The typical ordering experience (in and out) takes less than 3 minutes and our patrons generally eat on the go.

Franchise History

Rush Bowls was launched in 2004, when founder, Andrew Pudalov, decided to leave the hustle and bustle of New York's financial scene to pursue his dream of creating a healthy, fast-dining restaurant that fueled people's lives with honest ingredients and delicious recipes. As a result, Rush Bowls was born in Boulder, Colorado, offering meals crafted from the finest fruit, topped with granola & honey, and blended with protein, vitamins and other nutritious ingredients that taste delicious while promoting a healthy lifestyle.

Rush Bowls started franchising nationwide in 2016. <http://www.rushbowls.com>

What's a Rush Bowl?

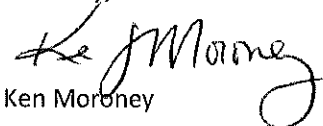

A Rush Bowl starts out with the finest all-natural fruit blended extra thick and creamy, to which we add nutrients, protein, juice or milk and an assortment of decadent yet wholesome ingredients. We top things off with crumbles of crunchy granola & a drizzle of the most delicious honey you've ever tasted. It is a complete meal-in-a-bowl designed to satisfy your hunger and fuel your life ...whatever your RUSH might be!

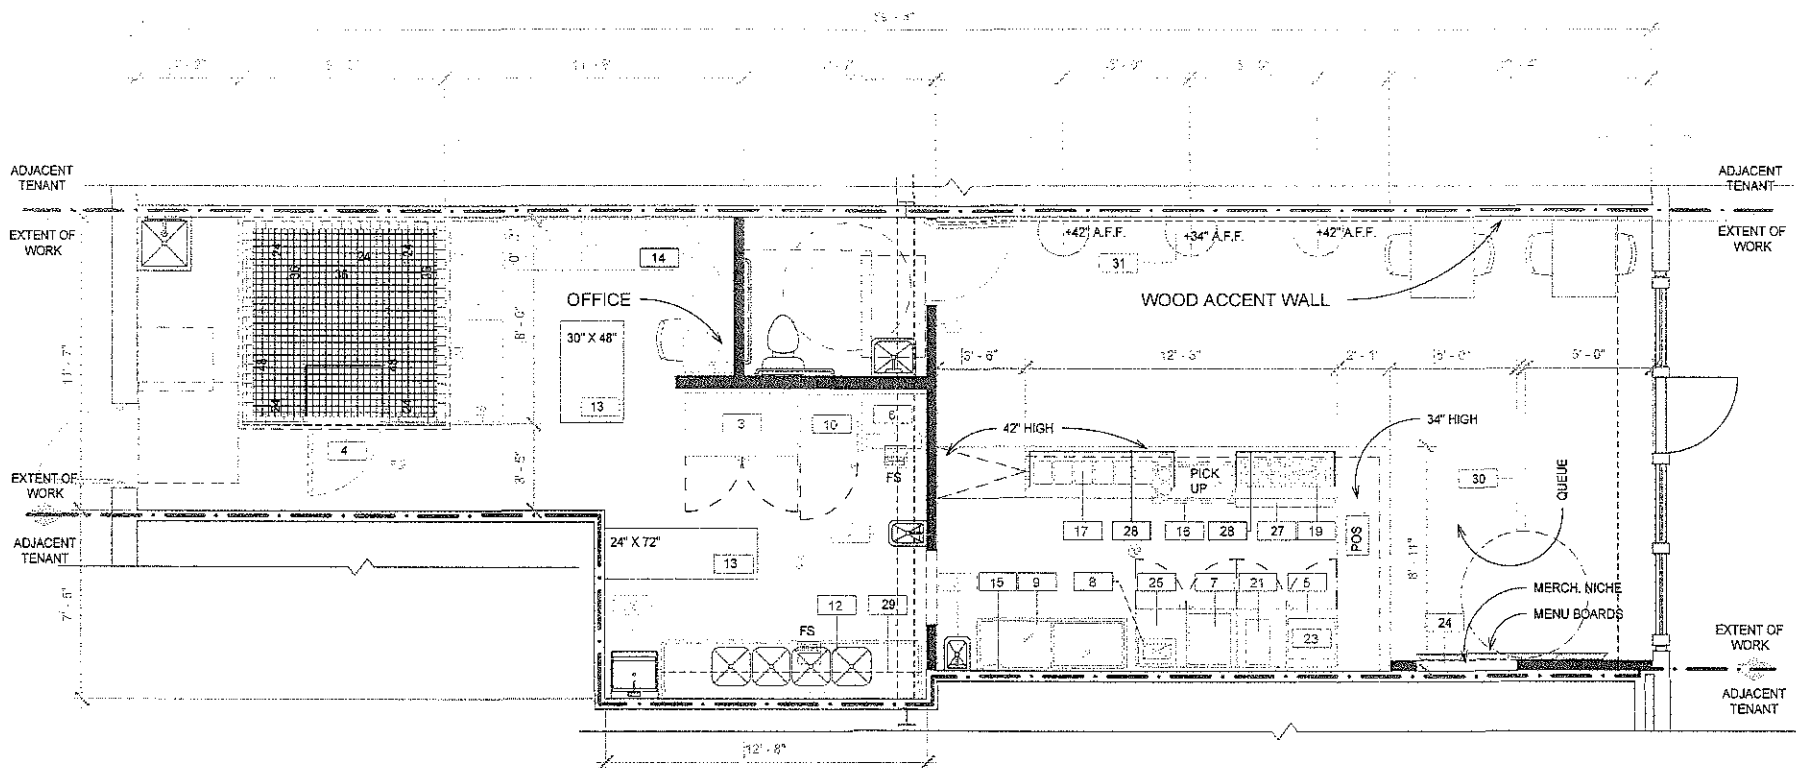

Operations

We currently have a single store in Central West End. The operations for this Kirkwood location are expected to be comparable in all ways

- Opened late March 2018
- Current Staff: 1 Manager, 5 part time employees. We have expanded up to 10 employees at times depending on volume.
- Daily Staffing: We generally can meet our intended volume with 1-2 employee during our open hours. 1-2 additional staff might be brought on during peak hours (lunch / dinner).
- Current Hours: M-F 7am – 8pm, Sat 8am – 9pm, Sun 8am – 7pm
- Seating: We are a quick service restaurant. Most of our customers leave with their product for on-the-go eating. However, for those that wish to stay and eat, we have 2 window bench counters (8 seats total) and a single 32" bar table (4 seats total).
- Floor Space – 1000 sq. ft.
- We also deliver meals via delivery partners: Door Dash, Uber Eats, Postmates
- Outdoor seating: We have 2 small tables with 4 seats each. These outdoor seats are optional and are subject to local availability and codes.

Sincerely,

Ken Moroney

Respectfully submitted,

Allen Klippel, Chair
Planning and Zoning Commission

MEMORANDUM

TO: PLANNING & ZONING COMMISSION
FROM: JONATHAN D. RAICHE, CITY PLANNER *JDR*
SUBJECT: PZ-23-19; 343 S. KIRKWOOD ROAD, SUITE 103 –
 RUSH BOWLS (SUP – RESTAURANT)
DATE: MARCH 19, 2019
CC: BILL BENSING, PUBLIC SERVICES DIRECTOR

WHERE COMMUNITY AND SPIRIT MEET®

PROJECT DESCRIPTION:

The new restaurant, Rush Bowls, is proposed for suite 103 in the Pioneer Place Development at 343 S. Kirkwood Road. This space is approximately 1,000 gross square feet with seating for approximately 12 patrons. The majority of their business is anticipated to be for carry-out orders. The applicant expects a maximum of 4 employees on a shift during peak hours and hours of operation are proposed as Monday – Friday, 7am – 8pm; Saturday 8am – 9pm; and Sunday 8am – 7pm. The applicant may choose to provide accessory outdoor seating subject to certain conditions included in the Zoning Code. If provided, this seating would be for no more than 12 customers and would need to provide adequate clearance for the adjacent pedestrian walkway.

In 1998, suite 103 was approved for a restaurant as part of the Blue Water Grill which occupied suites 101-103. In March of 2018, suite 103 was once again approved to host the expansion of the adjacent restaurant at that time (Sushi Bistro). Since the March 2018 approval, Sushi Bistro has been replaced by My Greek Kitchen, but neither restaurant ever expanded into suite 103. This proposal would result in two separate restaurants operating in the same three tenant spaces that have been previously approved for restaurants by the City.

DISCUSSION:

Zoning Matters signs were posted on the property on March 15, 2019. Section A-1000: Parking Regulations of the Zoning Code states that the change of use of any premises within the downtown area shall be exempt from additional parking and loading requirements. In addition to this exemption, Staff would like to draw attention to a couple pieces of information related to parking. In 2018, there was a 16 space parking lot that was constructed by the property owners and said parking lot is used by the larger Pioneer Place Development. These 16 parking spaces are additional to what was provided in 1998 when the property was approved for a restaurant, Blue Water Grill, to occupy all three tenant spaces. The newly adopted Downtown parking rates would require 10 spaces per 1,000 square feet of gross floor area. This would result in a requirement of 10 parking spaces which are off-set by the 16 spaces recently installed for the entire development.

RECOMMENDATION:

Staff recommends this petition be **approved** with the following conditions:

1. A Special Use Permit shall be granted to allow for the operation of a restaurant on the property known as 343 South Kirkwood Road, Suite 103.
2. The project shall be constructed and maintained in accordance with the floor plan stamped "Received March 8, 2019, City of Kirkwood Public Services Department".

Goal # & Title #4 Nurture Downtown Kirkwood

Background To Issue:

In calculating the re-appropriation of funds for the construction of the Performing Arts Center staff failed to include amounts for the project which were already committed contractually for construction costs on the part of BSI Contractors. This request would correct that situation.

Recommendations and Action Requested:

This request is to re-appropriate \$2,512,794 to Account #302-2001-600-7503 (Building & site Improvements) and Project PF1911 (PAC Construction).

Alternatives Available:

If NO, or if insufficient funding (Complete Step #3).

Department Head Comments:

In calculating the total amount for the end of year re-appropriation of funds for the construction of the Performing Arts Center, the amount of funds already encumbered and approved by Council for construction activities by BSI Constructors for the PAC were inadvertently left out of the total amount re-appropriated. This legislation request would correct that shortcoming and restore the funding available for construction to the original amount of \$24,090,269.00.

Background To Issue:

The City utilizes a minimum premium arrangement for health insurance for employees. With the help of Gallagher Benefit Services premiums are set for the two plans that were available to employees in FY2019 at a level that is expected to cover claims and administration of the plans. With a minimum premium arrangement, if the premiums more than cover claims and expenses then the City benefits rather than the insurance company. When claims exceed budgeted expenses then the City has funds in the Medical Fund set aside to cover them and also has stop loss insurance if they vastly exceed expectations.

FY2019 had workers' compensation claims expenses that were much higher than normal. Although the number of claims were about the same as the year before, the severity was much higher in that several claims required surgery.
